

You have less than 2 weeks from today to send correspondence.

It is very important that the residents of Eddington, Brewer and Holden let the State know how they feel about the proposed I-395/Route 9 connector routes. The **Public Comment Period ends May 15, 2012**. Please take a few minutes to either email or mail the following people your concerns or questions about this project and to let them know how you feel. Also, tell your friends and relatives to send them a note too.
